Nuinsco Resources Engages CHF Capital Markets for Investor Relations Services

Toronto, November 5, 2026 – Nuinsco Resources Limited ("**Nuinsco**" or the "**Company**") (**CSE: NWI, FRA: NJX**) is pleased to announce that it has engaged CHF Capital Markets ("**CHF**"), a Toronto-based investor relations and capital markets advisory firm, to provide investor relations and market awareness services to the Company.

CHF will assist Nuinsco in strengthening its communications with the investment community, broadening market awareness of its mineral exploration and development activities, and supporting engagement with existing and prospective investors.

The engagement comes as Nuinsco continues to advance its mineral exploration portfolio, including the Prairie Lake Critical Minerals Project in Ontario and the Paradise Lake Gold Project in Newfoundland.

In connection with the proposed engagement, the Company has received approval from the Canadian Securities Exchange ("**CSE**") Listing Committee for an exemption from Policy 6.2(2)(c)(ii).

The approval permits the Company to proceed with the proposed arrangement under the exemption granted by the CSE Listing Committee.

Paul Jones, Chief Executive Officer of Nuinsco Resources Limited, commented:

"We would like to thank the CSE and its Listing Committee for their careful consideration of our request and for recognizing the importance of our commitment to raising capital to support exploration and development of our Canadian projects. This approval marks an important step forward in strengthening our capital markets presence, expanding our reach within the investment community, and enhancing shareholder engagement as we advance our exploration initiatives and pursue sustainable, long-term value creation for our shareholders."

Engagement Terms

Under the terms of the agreement, CHF will provide investor relations and capital markets advisory services for an initial one-year term commencing November 1, 2026, for a monthly fee of up to CAD$6,000, plus applicable taxes and reimbursement of pre-approved expenses. After the initial term, the agreement may continue month-to-month, subject to two months' notice.

About CHF Capital Markets

CHF Capital Markets is a Toronto-based investor relations and capital markets advisory firm providing strategic communications, digital marketing, social media management and investor relations services to publicly traded companies. CHF combines traditional investor relations expertise with innovative digital and social media strategies to enhance market visibility, broaden investor reach and strengthen engagement with the investment community. Through targeted digital campaigns, strategic content development and ongoing shareholder communications, CHF helps clients effectively communicate corporate developments, build market awareness and expand their presence across traditional and digital investment platforms.

About Nuinsco Resources Limited

Nuinsco Resources is a growth-oriented, multi-commodity mineral exploration and development company focused on prospective opportunities in Canada and internationally, with more than 50 years of exploration success. In Newfoundland, the Company operates the Paradise Lake Gold Project in the central part of the province. In Ontario,

it operates the large Prairie Lake Project (phosphate, rare earth elements, niobium, tantalum) near Marathon–Terrace Bay. The Company also holds an interest in the Zig Zag Lake Property (lithium, tantalum) near Armstrong, which is operated by First Class Metals PLC, and a net smelter return (NSR) royalty on the Sunbeam Gold Property near Atikokan. Internationally, Nuinsco holds the El Sid Gold Project in the Eastern Desert of Egypt.

Forward-Looking Statements

*The information in this news release may contain forward-looking statements or information (collectively, "**FLI**") within the meaning of applicable Canadian securities legislation. FLI is based on expectations, estimates, projections, and interpretations as at the date of this document.*

All statements, other than statements of historical fact, included herein are FLI that involve various risks, assumptions, estimates and uncertainties. Generally, FLI can be identified by the use of statements that include, but are not limited to, words such as "seeks", "believes", "anticipates", "plans", "continues", "budget", "scheduled", "estimates", "expects", "forecasts", "intends", "projects", "predicts", "proposes", "potential", "targets" and variations of such words and phrases, or by statements that certain actions, events or results "may", "will", "could", "would", "should" or "might", "be taken", "occur" or "be achieved."

FLI in this document may include but is not limited to: statements regarding the effectiveness of investor relations and market awareness services, the ability to raise capital and the state of capital markets generally, and the general economic viability of the Company's mineral projects.

FLI is designed to help you understand management's current views of its near- and longer-term prospects, and it may not be appropriate for other purposes. FLIs, by their nature, are based on assumptions and involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance, or achievements of the Company to be materially different from any future results, performance or achievements expressed or implied by such FLIs. Although the FLI contained in this document is based upon what management believes, or believed at the time, to be reasonable assumptions, the Company cannot assure shareholders and prospective purchasers of securities of the Company that actual results will be consistent with such FLI, as there may be other factors that cause results not to be as anticipated, estimated or intended, and neither the Company nor any other person assumes responsibility for the accuracy and completeness of any such FLI. Except as required by law, the Company does not undertake, and assumes no obligation, to update or revise any such FLI contained in this document to reflect new events or circumstances. Unless otherwise noted, this document has been prepared based on information available as of the date of this document. Accordingly, you should not place undue reliance on the FLI, or information contained herein.

Furthermore, should one or more of the risks, uncertainties or other factors materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those described in FLI.

Assumptions upon which FLI is based, without limitation, include: the results of exploration activities, the Company's financial position and general economic conditions; the ability of exploration activities to accurately predict mineralization; the accuracy of geological modelling; the ability of the Company to complete further exploration activities; the legitimacy of title and property interests in the Deposits; the accuracy of key assumptions; the ability of the Company to obtain required approvals; geological, mining and exploration technical problems; failure of equipment or processes to operate as anticipated; the evolution of the global economic climate; metal prices;

foreign exchange rates; environmental expectations; community and non-governmental actions; and, the Company's ability to secure required funding. Risks and uncertainties about The Company's business are discussed in the disclosure materials filed with the securities regulatory authorities in Canada, which are available at www.sedarplus.ca.
